# DISCLAIMER & CAUTIONARY NOTES

## RISK FACTORS

An investment in the Bonds of Red Oak Capital Fund V, LLC (the "Company") is considered speculative. There are no guarantees of distributions or returns. Investors may lose all or part of their investment. There are various risks related to an investment in the Bonds which are described in the respective offering circular. These risks include, but are not limited to:

The Bonds may not be suitable for certain investors.

The Bonds will be highly illiquid, non trading market exists or will ever develop. Bonds are suitable for investors who have no need for liquidity in this investment.

The offering is a "Best Efforts" offerings, and if the Company is unable to raise substantial capital, the Company may be limited in the number and types of investments it is able to make, which could have a negative effect on diversification and investment results.

The Company is recently formed with no operating history and no assurance of success.

Success is dependent on the performance of Red Oak Capital Participation Fund GP, LLC (the "GP"), which is the sole member of the Company, as well as individuals that are employees of the GP.

The Company depends on key personnel and its affiliates, the loss of any of whom could be detrimental to the Company's business.

The Company will pay substantial fees and expenses to the GP or its affiliates and broker-dealers. These fees will increase Investors' risk of loss.

The Company is a blind pool offering. Investors will not have an opportunity to evaluate investments before they are made.

The Company will be subject to conflicts of interest arising out of relationships among Red Oak Capital, the GP, and their affiliates and employees.

Real estate-related investments, including joint ventures, senior leverage and real estate-related securities, involve substantial risks.

There are substantial risks associated with making loans secured by real estate, and real estate investments may involve additional risks. Commercial real estate related investments that are secured by real property are subject to delinquency, foreclosure and loss which could negatively impact investors. The ability of a borrower to repay a loan secured by income producing property is dependent on the successful operation of the property.

Economic, market and regulatory changes that impact the real estate market generally may decrease the value of the Company's investments and weaken operating results.

Properties that have vacancies could be difficult to sell, which could negatively impact investors.

The Company will likely obtain debt financing, which may increase costs, and may limit the Company's ability to pay interest and or principal to investors.

The Company indirectly depends on tenants in properties securing its loans for revenue; therefore, non-renewals, lease terminations, or lease defaults could reduce revenue and limit the Company's ability to pay to pay interest or principal to investors.
